**EXCHANGE STUDENT HOUSING REQUEST FORM**

**On-Campus Housing:**

The Global Programs Office will coordinate with the Residential Life Office to make a housing placement in one of the available residence halls. In order to complete these arrangements, **students must authorize reservations of space.**

Students will receive further instructions from the University Residential Life Office. Placement within a specific hall cannot be guaranteed. Residence Life attempts to place exchange students in residence halls which remain open during university breaks and holidays.

**Off-Campus Housing:**

Students are responsible for finding off-campus housing independently.

Previously mentioned websites are only suggestions and the University of Missouri does not guarantee nor supply off-campus housing. Due to public transportation availability in the city of Columbia, it is highly recommended for exchange students to live on-campus.

**Declination of On-Campus Housing:**

I, \_\_\_\_\_, will seek off-campus housing and do not require on-campus accommodations.
